CarCost

Legal, Privacy & Website Content

English edition | October 24, 2026

DRAFT — NOT READY TO PUBLISH. Replace all [bracketed] placeholders and verify actual data processing, account deletion, and business details before publication. This document is not legal advice.

1. Privacy Policy

Introduction

CarCost helps users manage vehicles and estimate expenses associated with vehicle ownership. This policy explains how personal information may be processed when using the app.

Controller

Operator: Quentin Eisfeld. Address: Krähenhof 20, 51789 Lindlar, Germany. Contact: Iceqen.contact@gmail.com.

Information processed

Depending on enabled features, CarCost may process vehicle details (manufacturer, model, model year, mileage, fuel type and consumption), user-entered cost figures (fuel, insurance, maintenance, taxes), app preferences and calculated estimates. If accounts are implemented, account identifiers and Apple Sign-In information (possibly name or email) may also be processed. Technical diagnostics and analytics, if enabled, require separate verification.

Purposes and legal bases

Data is processed to provide calculations, save selected information, operate optional accounts and maintain security. Depending on the activity, applicable legal bases under GDPR Article 6 may include contractual necessity (6(1)(b)), legitimate interests (6(1)(f)), or consent (6(1)(a)). Confirm each actual processing activity and its lawful basis before publication.

Storage and providers

[Specify local versus cloud storage, hosting provider, server region, authentication provider, analytics/crash reporting SDKs, recipients and any international transfers and safeguards.]

Retention and deletion

[State verified retention periods, actual in-app account deletion steps, which records are deleted and any legal retention exceptions.]

Security

Appropriate security measures should be applied to protect personal data. [Describe measures actually implemented, e.g. encryption in transit and access controls, only after verification.]

Your rights

Subject to applicable law, you may request access, correction, erasure, restriction, portability, object to certain processing, and withdraw consent. You may lodge a complaint with a competent supervisory authority. Contact Iceqen.contact@gmail.com.

Children

[Confirm intended audience and age-related processing or consent rules if applicable.]

Changes

This policy may be updated as the app and its data practices change. The latest version will be available on the CarCost website.

2. Terms of Service

Agreement

By using CarCost, you agree to these terms, subject to applicable mandatory consumer protections.

Service

CarCost provides vehicle information management and estimated fuel, insurance, maintenance and ownership-cost calculations. Features depend on the version installed.

Estimates

All cost figures are informational estimates, not guaranteed prices or professional financial advice. Actual costs vary by vehicle, location, driving conditions and provider.

Acceptable use

Do not use the app unlawfully or attempt to interfere with its security or operation.

Accounts

Where accounts are available, users are responsible for safeguarding access credentials and using the app in accordance with applicable law.

Intellectual property

The original software, branding and content of CarCost are protected by applicable intellectual property law. Users receive a limited right to use the app for its intended purposes.

Availability and liability

We may update the app and cannot guarantee uninterrupted operation. Nothing in these terms limits liability or statutory consumer rights where such limits are prohibited by law.

Applicable law and contact

Applicable German law applies without prejudice to mandatory protections in your country of residence. Questions: Iceqen.contact@gmail.com.

Paid features

[If subscriptions or in-app purchases exist, insert verified pricing, renewal, cancellation, and Apple billing terms.]

3. Legal Notice / Imprint

Provider information

CarCost — Operator: Quentin Eisfeld. Address: Krähenhof 20, 51789 Lindlar, Germany. Email: Iceqen.contact@gmail.com.

Further disclosures

[Legal representative, commercial register and number, VAT ID and any other mandatory disclosures, if applicable.]

Responsibility

The operator is responsible for its own content under applicable law. Vehicle cost calculations are estimates and may differ from actual expenses.

Copyright

© 2026 CarCost. All rights reserved.

4. Support Page

Welcome

Need help with CarCost? We can assist with vehicle management, expense calculations, account questions and technical issues.

Frequently asked questions

How accurate are estimates? Results depend on the vehicle information and cost assumptions entered. Can I use multiple vehicles? [Confirm current version capabilities.] Can I sign in with Apple? [Confirm implementation.] Is the app free? [Confirm pricing and paid features.]

Report an issue

Email Iceqen.contact@gmail.com with the app version, device type, steps to reproduce the issue and screenshots if helpful. Do not send passwords or sensitive personal information.

Privacy requests

For privacy, data access or deletion questions, contact Iceqen.contact@gmail.com. Support languages: English and German [confirm].

5. Account Deletion

Control your information

Where CarCost offers account creation, users must be able to initiate account deletion inside the app.

How to delete

[Insert actual tested in-app path, e.g. Settings → Account → Delete Account, ONLY if implemented.] Follow the in-app confirmation process.

What is deleted

[Verify and describe deleted account identifiers, saved vehicles, expenses and backups, any retained information, retention periods and completion time.]

Apple sign-in

[Verify that associated Sign in with Apple tokens are revoked when required.]

Contact

For assistance with deletion requests: Iceqen.contact@gmail.com. Email support is not a substitute for the required in-app deletion initiation for an app that supports account creation.

6. About CarCost

Drive Smarter. Spend Smarter.

CarCost is a modern vehicle cost management app designed to make ownership expenses easier to understand.

What it does

Organize vehicle information, estimate fuel expenses, review monthly and annual ownership costs, and explore clear financial summaries. Feature availability varies by app version.

Our mission

To make the real cost of driving easier to understand, so drivers can make informed decisions.

Contact

Iceqen.contact@gmail.com

7. Marketing Page

Your Car. Your Costs. Your Control.

Understand the true cost of driving with CarCost. Estimate expenses, organize vehicle information and make informed decisions in one convenient app.

Fuel cost estimates

Explore fuel expenses based on consumption, distance and fuel prices.

Ownership overview

Review estimates for insurance, maintenance, taxes and other vehicle-related costs.

Vehicle management

Keep your vehicle information organized with a clean, intuitive experience.
